

Dear Drainage Contractor

Thank you for showing an interest in NADC membership

The purpose of the prospectus is to make sure you have all the necessary information to consider joining the Association.

NADC Prospectus

What Are the Aims & Objectives of NADC?

- (a) To drive more business for you as a direct result of being a member in the region you operate in through the NADC website
- (b) To provide training and certification and promote drainage professionals
- (c) To provide commentary, guidance, and advice on regulatory developments of relevance to members
- (d) To develop DrainSafe into the nationally recognised approved contractor quality scheme on which customers can rely

Why You Should Join The NADC? By the Industry, For the Industry

Until NADC was formed, there was no recognised body that solely has the interests of the drainage contracting industry at the heart of its DNA.

NADC is made up entirely of people actively working in the industry. In other words, it is the industry setting its own future agenda and destiny.

The Ultimate Benefits of Membership

Membership of NADC and NADC itself is geared to delivering long term benefits:

- National recognition for professionalism through membership of NADC and registration with DrainSafe
- Full Accreditation through recognised training for all aspects of drainage services
- Channels for new work open only to NADC members and DrainSafe registered contractors
- Preferred supplier status among large drainage services procurers
- Official representation of the services you are trained to offer by Energy and Utility Skills certified cards

Who Should Join The NADC?

All drainage contractors are welcome together with suppliers, consultants, advisers and trainees.

How are my Subscriptions Invested?

NADC is a not-for-profit organisation. This means there are no shareholders to pay dividends to and so all the funds are dedicated to moving the NADC forward via.

Our aims are to:

- Attract as many members as we can to continue building a strong Association (You can help by passing on details of NADC to colleagues, suppliers and even your competitors.)
- Create a 'recognised voice' for our membership so we can have a say in the future of our industry with Government, the water companies and other stakeholders
- Continue building an industry community through our website and social media
- Create and develop an annual Drainage Awards event to celebrate our industry and recognise excellence

What Commitments Do You Have to Give?

There are only a few commitments you need to give to be a member of NADC – and they are all very affordable ways of making an NADC member stand head and shoulders above non-members:

- Commit to enhancing training qualifications within 3 months of joining
- Commit to a whole year's membership and subscriptions
- Commit to our Standards:
 - Be qualified for the work you do, be insured, be professional and fair, have a complaints procedure, be proud of the NADC

Why You Should Take Action Now & Join?

You can help us shape the future of the industry. We are stronger together as an association of like-minded businesspeople rather than individuals.

Annual membership

1- 12 Vehicles costs just £400 per annum (or £35 by monthly direct debit)

13 Plus Vehicles costs £800 per annum. (or £67 by monthly direct debit)

I look forward to welcoming you to the NADC.

Best wishes

Peter Stacey
President
